Paper Bag Owl Puppets

You will need 1 brown paper bag, 2 med. Muffin liners, orange & black construction paper.

- Glue the 2 white muffin liners onto the brown paper bag flap, These will become your Owls eyes.
- Cut out 2 round black circles out of construction paper, and glue them inside the muffin liners. Your eyes are now complete
- Cut a fairly large orange triangle out of construction paper and glue it onto the flap so it slightly hangs over the flap, This is your owls beak.
- Using orange construction paper cut out a large circle, fold the circle in half and cut along the middle crease.
- You should now have 2 half circles. These will be your wings
- Glue these "wings" on the front of the bag, one on each side. Matching the straight edge with the edge of the paper bag.
- An additional option is to glue brown feathers on top of you wings if you wish.
- Open your bag and insert your hand, you now have your very own "Brown Owl" puppet.
