

Spark Princess Sleepover

Well, we're just back from another fun, fun, fun, Spark Camp, in Namiyi Den. This weekend, our theme was A Weekend at the Castle.

When the girls arrived, they were informed that they were the new set of Castle Maids and that there was LOTS of work to be done for our Special Guests coming for dinner on Sat night.

They were all given a head scarf, which we then tie-dyed, and set to work making place cards, necklaces and flowers for our Special dinner.

After a scavenger hunt around the site, they returned to the building to find a Messenger had left them an Invitation to Dinner at the Castle.

They then went to the Dress Emporium, Beauty Parlor, and Jewelry Shop to turn themselves into Princesses - they were the Special guests.
