

Program Committee Members

Are you passionate about developing exciting and innovative program opportunities for our youth members? BC Program is currently recruiting new members to join our dynamic committee. Volunteering is a great way to connect with youth and adult members across British Columbia while contributing to exciting opportunities for members. Program committee members:

- Develop program ideas
- Contribute to program activities
- Collaborate with committee members
- Lead at least one activity/event per year
- Meet online with the committee 4-5 times a year

Make a difference, have fun, and help inspire and empower GGC Youth Members with exceptional programming opportunities.
