

Make your own cards

- Take any ordinary gift card envelope & trace it onto freezer paper
- Cut out the shape on freezer paper
- Choose a piece of tissue paper that the design matches the theme you are using the card for.
- Place the tissue on top of the shiny side of the freezer paper.
- Using a HOT iron, iron the tissue paper onto the card
- When it has been stuck and completely cooled down, trim off the access tissues paper
- Fold your paper and glue the pieces in place
- You now have a pretty envelope for any card of your choice
