

Pool Noodle Sprinkler Instructions

1. Take a thick pool noodle and cut into a 40 cm length.
2. Punch holes all along it using a skewer, nail or a drill.
3. Place a hose into the pool noodle and secure with duct tape.
4. Plug the bottom of the pool noodle with foam and secure with duct tape.
5. Hang the hose and pool noodle sprinkler from a branch or post.
6. Turn on the water.
