

Our Vision for Tomorrow (includes lyrics from Sudan, Jordan and Kuwait)

Our Chalet Songbook 2, page 5

*Our vision for tomorrow,
Will circle the world.
We sing of hope and lasting peace,
Peace around the earth.
There's a chance to see tomorrow.
A purpose for tomorrow.
And hope for many tomorrows,
Many tomorrows.*

Chorus:

*One world: one mind.
One world: one heart.
One world: one family.
A world of evil free,
With food for all, and jobs for all;
A caring and sharing world;
A world of smiles and happiness;
A world of love.
Variety makes us whole.
Unity is our goal.
Unity round a torch of love, unity in diversity.
Respect for human dignity,
And rights that never cease.
We all need a future,
Where love is, peace will follow--*

*Peace means survival
(Life beyond survival) –
Keep the beauty of the world.
Let us bring our song,
From the Kenya dawn,
To the heart of all mankind.
Sing our love for all mankind.
With a call of harambee!
We'll all pull together,
With arms just for loving,
As friends understanding
Our hope for the future:
To see God's Kingdom on earth!*
