

## Gathering Activity:

Have the girls tell the other girls in their circle what they want to be when they grow up.

## Opening

Do your regular opening and talk about fingerprint characteristics.

## Activity 1:

Do a pencil transfer. Simply rub a pencil all over your finger and press onto a sheet of white paper. Hve girls compare their fingerprints with each other and notice how each one is different.

## Craft: Fingerprint Pictures

You'll need: paint, paper plates, paper, markers

Place a small amount of paint on the paper plate and then paint a small section of the plate and have the girls place their finger on the painted section and then place on a clean sheet of paper. Once that is dry the girls will take the markers and make their fingerprints into animals, people, aliens..anything their imagination can do.

You can also use inkpads if you have them, the ca be expensive though.

## Activity 2:

In smaller groups ask the girls who would I be if I was my favorite character on T.V? or Which animal would I be? Have girls act it out and see if the group can guess. A smaller group is better so you can get through everyone quicker and there isn't as much waiting time.

## Game: Pantomime

Use the list below and when you say the action the girls move around the room acting out the action until you yell stop. Then everyone freezes and does the next action you say.
