

Activity	Description	Program
Gathering activity	Give the girls sunshine shapes and have them create their own sunshine badge while they wait for their friends Note: try to have this meeting outside if weather permits.	
Opening	After your regular opening talk about what the girls want to do over the summer	
Activity	Scavenger hunt Outside hide the scavenger hunt cards at the end of this meeting. Then give the girls each a copy of the scavenger hunt card. Once the girls find the cards they can check it off their card.	Going Outside
Craft	Caterpillar craft Before your meeting wrap four large gumballs in plastic wrap so that it resembles a caterpillar. Cut chenille stems into three pieces. Give each girl a gumball roll and 3 pieces of chenille stem and have them wrap one stem between each ball to create legs. Googly eyes can be added for a face.	
Activity	Picnic Bring a few blankets and some small snack food like cheese and fruit and have a small picnic outside. Talk about how nice it is to be outside.	
Activity	Tree Rubbing Since you are outside have the girls find a tree and give them a crayon and some paper. Then have them do a bark rubbing of that tree. They simply hold the paper against the tree and then rub the crayon all over so the texture of the tree transfers onto the paper. Then have them use the same paper and get a different coloured crayon and have them do it again. They will soon end up with a great picture.	Going Outside
Songs	Since it is nearing the end of the year sing a few of the girls favorite songs. And since the meeting was about summer try to include songs about sunshine, water, animals, trees, camping...etc.
