On Top of a Mountain
(tune: On Top of Spaghetti)

On top of a mountain all covered in treats
There was a whole tree full of Girl Guide cookies
There was some vanilla and also chocolate
But we must not forget the chocolatey mints

So along came some Sparks, Brownies and Girl Guides,
Pathfinders and Leaders with bags at their sides
They picked up their cookies and boxed them up neat
For sale at their blitzes for people to eat

Now on top of that mountain all covered in treats
All that's left behind is crumbs that they missed.
