- Have information available on the Screening Process and trainings that are available to give them.

- Have Sparks in uniform do some activity (e.g., game, song, dance, craft, etc.).

 - Empty office buildings or empty office cafeterias in offices.
 - Empty space in hospitals.
 - Empty stores in malls (storefronts are great for PR) and/or community rooms in department stores or shopping malls, seminar rooms in banks or libraries.
 - Buildings of organizations such as the Elks, Rotary, Lions.
 - Meeting rooms in fire stations local YWCA or YMCA facilities.
 - private homes (spaces should still meet the suggested criteria listed below)
4. Meet with person who manages/supervises the space
5. Dress professionally (your uniform).
6. Go prepared with a list of your requirements, and a list of advantages to the manager, for example, in a mall the moms will stay and shop.
7. Be prepared to discuss liability insurance.
8. Be flexible about meeting times.

Selecting a Meeting Space

A good meeting space should meet the following criteria:

- Have a banner across the top "Put Some Sparks in Your Life!"

- Giveaways are always popular. They need not be expensive

Sparks Guider Testimonials

- ✓ Being a Spark Guider is great!
- ✓ Stressed? Tired? Burned out? I've got the perfect antidote SPARKS!!!
- ✓ For five years, these wiggling, twirling, sliding, bundles of energy in pink gave me a weekly boost. Sparks are loving, enthusiastic, brutally honest, matter-of-fact little girls who can go from fits of giggles to heartrending sobs in seconds. Simple things can cause their eyes to grow large in wonderment. They're like little sponges sopping up all the information you can give them. Yes, being a Guider and running a Spark Unit takes time and energy but the bright smiles and freely-given hugs make it all worthwhile.

Sample Letter to Parents

Dear Parent(s)/Guardian(s),

WELCOME TO SPARKS!

Sparks is Girl Guides of Canada-Guides du Canada's program for our youngest members, aged five and six. We call the program "Go Sparks Go!" and we practice what we preach! Your daughter is going to enjoy Sparks and we hope you will too.

The team of Guiding leaders responsible for this Spark Unit has planned a wide variety of activities for the girls over the coming year. As a Spark your daughter will meet lots of new friends and together they will enjoy activities which amuse, amaze and delight.

Sparks is a two year program of activities. In her second year your daughter will make and strengthen new friendships. She will have new experiences and she will enjoy sharing her new-found Spark knowledge with younger girls.

While each Spark Unit is a part of Guiding across Canada, it is also independent enough to plan for its own needs and goals. If you have any questions or comments about the songs, games or activities your daughter encounters, please feel free to talk to any of the Guiders. Their names and phone numbers follow at the end of this letter.

Girls and young women may join Guiding at any age. All our programs are age specific. If your daughter should leave Sparks at any point, she may always join Brownies or Guides later on, or even re-join Sparks, depending on her age. As well, any age is great to be an adult volunteer! If you're interested, please give us a call.

Again, welcome to Sparks. The other Guiders and I look forward to a great year with your daughter and all the other Sparks.

Sincerely,
