

## Cookie Camp Hat Craft

- You will need 2 brown pipe cleaners and a yellow / crème coloured felt
- take one pipe cleaner and start rolling it around and around to make a flat circle (this will be the top of your chocolate cookie)
- repeat the same thing with your second pipe cleaner, this will be the bottom of your cookie
- When you are done rolling, cut a piece of felt just a little bigger round then the cookies (this way the crème filling will be visible)
- Glue both cookie pieces one on each side of the piece of felt icing
- When dry thread a safety pin thru the edge of the icing and pin onto your camp hat
