

Easter Bunny Candy Dish

Collect enough baby food jars for each girl

Cut out enough circles of foam large enough to fit around the opening of the jar (these will become your Easter bonnets)

Glue 2 wiggly eyes onto 1 side of the jar (this will now become the front of the jar)

Use a tiny pink pompom as a nose and 2 white small pompoms for cheeks.

Cut out a pair of white foam teeth and glue just under the nose & cheeks

Cut 1 white sparkly pipe cleaner in 4 pieces. Curl each piece around a pencil

Glue the pieces just by the cheek pompoms, as whiskers

Glue the foam bonnet on, and stuff the jar with coloured Easter grass, an top with wrapped candies.

Give to someone as an Easter gift
