

## Flower Power Challenge

My Ranger unit is currently working a "flower power" challenge.

We bought the flower crest that has 7 pieces (a centre and 6 petals), each petal has a different saying on it which we used to theme our program around.

There are 5 girls in my unit and 2 leaders, we each took one piece of the flower and made an hour-long program.

Every couple of weeks one girl presents her program and we will all do the activities.

The 3rd years tend to take most of the leadership rolls in the unit so to prepare everyone else to lead we gave them a specific activity to do. This forces each girl to plan a meeting and lead it.

Our unit only has one Jr. Leader meaning that all the other girls tend not to get to lead by themselves, we work mostly as a group.

We have done the centre of the flower and one of the petals so far; everyone seems to enjoy the program and is really well prepared for their night.
