

Fun Winter Camp Ideas

Compass work can be done with colorful winter games that can be played with very little supplies.

Ice cube scavenger hunt

Materials:

- compasses
- compass direction
- coloured ice cubes

Directions

- Hide the ice cubes in locations that can be found by the compass directions
- Give the girls compass directions and a compass
 - Have the directions going from different directions so that more than one girl (or team) can be out at the same time
- Have the girls note the colour at each station
- First girl or team that has found all the colours correctly is the winner

Compass Story

Directions:

- Make a large compass on the snow by using coloured water (water will freeze to snow)
- Compass should show the 8 main points (N, S, E, W, NE, SE, NW, SW)
- Tell a story where the girls move from one compass point to another

This game will help girls learn the basic points on the compass in a fun and active way.

Artistic impressions

Directions:

- Give each patrol buckets of coloured water
- Have them create a design and picture to describe their patrol name
