

Harry Potter Camp

We had a Harry Potter camp with our Guide Unit and they thoroughly enjoyed it. In fact they are still talking about it.

On Friday when the girls arrived at camp we had them set their gear in the middle of the sight and put up their tent .

We then held a Sorting Hat Ceremony. The girls placed the hat on their head (which held a walkie-talkie) and the hat decided which house they belonged in.

The girl was then given her house scarf which she had to wear for the whole weekend. They were also given a canvas bag that held an activity booklet and several Harry Potter Text Books.

The girls were also told that house points would be given (and taken away) throughout the weekend.

The girls then set up their sleeping gear in their house.
