

Snow Globe for your Camp Hat

You will need:

- Empty clean clear pill bottle with lid.
- Safety pin to attach to camp hat.
- Piece of yarn approx 4"
- Miniature ornament - the ones used to decorate gifts - small enough to fit inside the pill bottle. The mini-ornament needs to be on a string.
- Fake snow- can also use confetti -
- Glitter - optional.

-Poke hole in lid.

-Put the yarn through the safety pin; push both ends of yarn through lid leaving the safety pin outside the top.

-Tie the mini-ornament to the yarn and trim the ends of yarn

-Put 2 pinches of fake snow in bottom of pill bottle

-Add 1 pinch of glitter (optional)

-Use strong craft glue to glue the lid on so it will not open.

Remind girls not to shake until glue is dry.

There is no liquid in the bottle but it looks great.

I did this craft at our Christmas party with Sparks, Brownies, Guides, and Pathfinders. All of the girls loved this craft.
