

How Do I Get My Training Recognition Pin?

We know that pins are important to Guiders!

Consult the [TR.9 Training Module Tracking Form](#) for details of the modules, and then ...

Did you complete the entire training stream at an IN-PERSON weekend or day-long event? (for example Outdoor Activity Leadership)

You should have been presented with the pin at the conclusion, if all modules were covered in one setting. If that didn't happen, contact the host Area's ATA – the list of current Area Training Advisers can be found [here](#)

Did you complete the stream or path through a series of E-MODULES?
(for example, the New Guider Learning Path)

Contact bc-learningandengagement@girlguides.ca, tell us your Area, and provide a screenshot or excerpt from iMIS showing that you have taken the required modules. Not sure how to find your training activities in iMIS? Instructions are [here](#).

Did you complete the stream or path through trainings taken VIRTUALLY?
(for example, anything offered on the National Training Calendar)

Was it the DEIA stream of 4 core modules?

Your pin will come from the National DEIA Team

Was it another training stream? (not DEIA)

Contact bc-learningandengagement@girlguides.ca, tell us your Area, and provide a screenshot or excerpt from iMIS showing that you have taken the required modules. Not sure how to find your training activities in iMIS? Instructions are [here](#)

Are you looking for the Yellow ENRICHMENT pin?

Contact bc-learningandengagement@girlguides.ca, tell us your Area, and provide your TR.9 Tracking Form showing at least 15 hours of additional training across a minimum of 3 unique courses or learning experiences. The TR.9 form is available on Member Zone, under Training.
