## INTRODUCTION

Sparks love to go on an adventure, and although camps and sleepovers can push them outside of their comfort zones, it isn't written anywhere that you can't take Sparks to camp. Often it can be Spark parents that are more nervous about Sparks camping than the girls. This package is written with the intention of using it as a one-night residential camp or a day camp, but these activities can certainly be adjusted to be used for a two-night camp, sleepover, or mother-daughter camp. This resource is here to share the excitement of nature, whether in your backyard, a local park or picnic area or a campsite. Nature is all around us, just waiting to be explored. Choose to spend a day out with your girls or take them on their first overnight adventure. Sparks love to sleep in tents, even if those tents are put up inside a building!

In this package, you will find the program outline, and a variety of activities, games, and crafts to choose from. As well, there are menu and recipe suggestions, a campfire, Guides Own, kit list, and a parent information notice. Build your camp to suit your time of year, location, and number of girls. Pick the activities that work for you and your girls and draw on the strengths and knowledge of your Guiders!

Remember to use the most recent [Safe Guide forms](#) and to have them assessed as appropriate. Be sure to inform your Camping Advisor and District Commissioner of your camping plans, and draw on the resources available to you within your district (Camping, Music, Program Advisers, local trainers, etc.)

In this camp, as in every camp, a vast amount of material has been covered, and learning has happened. Please, be sure you are adding activities completed to the girl's Girls First program.

The NB PEI Camping Committee has two rules in addition to Safe Guide that we ask you follow at each and every camp:

1. Be a No Trace Camper – Take only pictures, leave only footprints
2. Have FUN!

## Sample Name Tag

A printable name tag template can be found on the last page of this document.

Suggestions:

- Name tag background color denotes the program and chore group
- Add a blue circle for girls with allergies
- Add a red circle for girls without an Image release

## Tips & Hints

### Patrol Duties and Chores

Duties should include helping with meal preparation, setting and clearing the table, dishes, sweeping the floors, tidying the washroom, etc. You know your girls and your camp location best, so your team can decide how and where the girls can be most helpful.

NOTE: Often the girls aren't terribly helpful; but it is important for them to get used to helping with chores at camp. Try to find jobs at each station that the girls can help with; washing and cutting fruit or vegetables, flipping pancakes, ripping lettuce for a salad are all great ways the girls can help in the kitchen.

### Sample Chore Chart

<b>Time</b>	<b>Meal Prep / Setting Tables</b>	<b>Wiping Tables, Sweeping Floors</b>	<b>Dishes</b>
Saturday Lunch	Group A	Group B	Group C
Saturday Dinner	Group C	Group A	Group B
Sunday Breakfast	Group B	Group C	Group A

### Designating Boundaries

For Sparks and Embers, you can use "Mr. Happy" and "Mr. Grumpy" faces cut out of fluorescent poster board. Use a plate to trace then cut out 9 per page. Use bright pink and lime green colours. Draw happy faces on the pink ones and grumpy faces on the green ones then post them around the camp to establish boundaries. If you have Guides or Pathfinders attending the camp with Sparks and Embers, they may love to put these up for you. At the end of camp don't forget to take them down.

## Program Notes

Please keep in mind that **Sparks Go Wild** can take place in a wide variety of venues at any time during the year with varying numbers of girls and adults at each camp. You may need to make adjustments for your specific situation. If something is included in this program that won't work for your Unit or location, please adapt it or replace it with something else. The important thing is to make it work for you and the Sparks. You may need more outdoor games than crafts if the weather is perfect. If you know it's going to be below freezing or a downpour all weekend, then plan for more craft time.

Name tags can be made in advance or made/decorated at camp. For day camps, preprinted name tags on peel and stick name tag labels are great. For an overnight camp, you will probably want name tags that are pinned onto girls' tops/jackets. You can use name tags to help identify girls with an Image Release "No", food allergies, or other health concerns. There is a sample name tag on page 27.

### Program group suggestions:

#### **Nature Themes:**

Insects: Lady Bugs, Damselflies, June Bugs, Honeybees, Grasshoppers

Birds: Robins, Sparrows, Swallows, Wrens, Hummingbirds

Plants: Daisies, Dandelions, Wild Clovers, Twin Flowers

**Decorations:** check your local stores for ways to "GO Wild" for the day or night. Have tapes or CDs with nature/animal sounds. Hang up butterfly nets, kites, birds or butterflies. Decorate with plants (real or fabric) to make your own forest!

**Ideas for Goodie Bags:** mini notebooks, magnifying glasses, green wrapped candy or gummy worms or bugs, pencil or pen, mini compass, animal print mini duct tape, fake bugs or butterflies

**To use this camp for Embers:** it's fairly simple, have a weekend camp (2 nights)! You could give the girls time to make hobby horses, lots of flowers to decorate the area, as well as more elaborate jewelry. You can also expand the racecourse and add more deportment tasks, making it a little more challenging.

## Craft Ideas

### Paper Bag Owls

#### Materials

- ☐ Small brown paper lunch bags
- ☐ Construction paper in different colours
- ☐ Glue
- ☐ Scissors
- ☐ Markers and/or crayons

#### Steps

1. The paper bag is the body of your owl with the flat as the face
2. Cut out eyes, beak, feet and feathers from construction paper.
3. Glue owl pieces onto the bag in the appropriate places
4. Add finishing touches with crayon or markers

### Bandanas or Scarves

#### Materials

- ☐ dollar store bandanas or inexpensive cotton

#### Steps

1. cut into squares for scarves in different colour for each group
2. stitch or use pinking shears on the edges to prevent fraying if using material
3. Scissors
4. fabric paint or felts for girls to decorate and/or sign their scarf for a keepsake

### Window Decoration

#### Materials

- ☐ nature objects found on a walk (leaves, grass, flower petals, ferns)
- ☐ clear contact paper
- ☐ tape
- ☐ scissors
- ☐ hole punch
- ☐ ribbon

### Steps

1. arrange the collection of nature objects on the sticky side of a piece of contact paper. (You may want the girls to arrange them first and then transfer). It also helps to have the contact paper taped down to keep it from moving.
2. Place a second piece of contact paper sticky side down on top of the objects and press to seal it.
3. trim the edges or cut into a circle or other desired shape
4. punch a hole in the top and hang it in a window with a short length of ribbon

### Leaf Prints

These can be used to make pictures or nature stationery. For a painted picture, use several pieces of paper and several different leaves.

### Materials

- ☐ paper
- ☐ chalk
- ☐ paint
- ☐ green leaves

### Steps

#### Paint method:

1. Lightly press the leaf into a paper covered in paint, then lightly press it again onto a blank sheet. The "leaf stamps" turn into a work of art.

#### Chalk rubbing method:

1. Spread a piece of newspaper on a flat surface. Sandwich a leaf between the newspaper and a sheet of white paper
2. With coloured chalk, rub lightly over the leaf and see the pattern appear in chalk

3. Make an outline on your favourite leaf. Hold a leaf on a blank paper and working from the inside out, use the side of a piece of chalk to colour the leaf and the paper over the edge.
4. After rubbing the chalk across the leaf and paper all the way around, remove the leaf and see the outline.

## Games and Activities

### How to Prepare for a Hike

Talk with your girls about what to take on a hike and why you would choose those items. Help them pack their day kits ready to go. Some ideas for items to include:

- water bottle
- spare socks and pants
- a whistle
- a sit-upon
- an energy food bar or snack
- a large orange garbage bag

### Nature Talk

Invite a Naturalist, Park Ranger or a local gardener to visit with your girls and tell them about what they can see and find in the location you have chosen for your camp. Nature is all around us, we only have to look.

### Nature Hike

If your group is small enough, stay together, if larger, perhaps split into two groups. Take your time and look and listen to what can be found at your site. Having some plant, insect and bird books on hand is a great idea for identifying what you and your girls see.

### Square Meter Search

Mark off a square meter area with flagging tape. One area for every two girls works well. Give the girls magnifying glasses and get them down on their knees to see what all they can find within their marked area. Bugs, flowers, leaves, rocks - it's all good!

### Collections

Collect things such as leaves, flowers, bugs, acorns, pinecones - have the girls create pictures from what they have found or use them to decorate your dinner table (be sure there are no unexpected guests hidden inside anything!)

### Photography

Take pictures of your girls and the things they find to make a collage of your camp. Have the girls take turns with the camera to see what is important to them. One suggestion is to put together a slide show to present at the end of camp. Be sure each girl is in at least one photo.

### Scavenger Hunts

Create a list of items for the girls to find. Remind the girls not to pick living plants, to use only what is on the ground.

### Eye Spy

To make it fun and “fair” for little ones, have them all sit down and take turns choosing an Eye Spy item to be guessed.

### Kim's Game

Place 10 - 15 nature items on a tray (fir cone, little rock, dandelion leaf, daisy etc.) and let the girls look for a few minutes. Then give them paper and have them draw what they remember from the tray. (Most Sparks are not reading and writing well yet)

Variation: have the girls look at the items on the tray, then take one item away and have them tell you what is missing.

### Un-nature Walk

Set up a walk through the woods and ask the girls to be on the lookout for unusual objects that do not belong. Have a leader go out ahead and place “un-natural” objects in plain sight: i.e. brightly coloured hair barrette, small doll, plastic animals, anything you like.... choose something funny to see in the outdoors or at your location. After each girl has walked the “course”, have them tell you the objects they saw that were out of place.

## Menu and Recipes

<b>Lunch</b>	<p>Bunwiches - ask the girls before camp what they like most in their sandwiches (deviled egg, tuna, sliced meats, cheese)</p> <ul style="list-style-type: none"> <li>• Forest Foliage (veggies and dip, cut up fruit)</li> <li>• Dirt and Worms (desert - see below)</li> <li>• juice and/or milk</li> </ul>

Mix wet and dry ingredients together</li> <li>4. Pour into greased muffin tins</li> <li>5. Bake 350 degrees for approximately 20 minutes</li> </ol>
<b>Breakfast</b>	<p>Yogurt, fruit, toast bar, cereal</p> <p>Toast Bar: Toast can be an exciting breakfast for Sparks, with little clean-up for adults!</p> <p>Prepare slices of toast and let the girls choose their toppings. Topping suggestions: butter, a few different kinds of jam including something that the girls likely haven't tried</p>

	(strawberry rhubarb jam?), peanut butter (if the allergies of your group allows), nutella, cinnamon sugar, bananas, powdered sugar, cheese whiz, anything you think might be fun to try!
<b>Mug Up</b>	Cheese and crackers, popcorn, granola bars with hot apple cider, juice or water

## Guides Own & Reflections

Guide's Own is a special ceremony. It can be used at a camp or any event for personal reflection. It can also be used as a time to give thanks for all we have and our special guiding friends. Guide's Own can be adapted for use with girls of all ages.

A Guide's Own ceremony can be as simple or as complex as you would like to make it – but keep in mind the age of your girls. Also keep in mind the dynamics of your group. Some are much more introspective than others. As the girls get older this is an activity that they can participate in and eventually plan, similar to a campfire. A Guide's Own can consist of a quiet time, some reflective poems depicting the theme of your camp, a reading of some sort, a song, a short story, or any combination of these.

### Simple Thank you to Camp

Ask the campers, as they are helping to pack and clean up, to pick up a rock, twig, or other piece of nature (not living) that is special to them. At your Guide's Own ceremony, ask the campers to come forward, one at a time, and place their rock/twig/etc. in the middle of the circle, and think of something at camp that they are thankful for, or they will take away from camp. Campers don't need to share what it is they are thinking of or thankful for; it can be a silent reflection of camp, and a thank you to the camp itself.

### A Star and a Wish

This is a good one to use for Sparks since it involves the girls but in a relatively easy way. Each girl and adult takes a turn to say one thing they really liked about the camp (the star) and something that they might not have liked so much or something that they would have liked to do but didn't or something similar to that (the wish). You can incorporate that into the closing and not have a formal Guide's Own scheduled for a separate time.
