

## Fox and Geese Instructions

This is a pioneer tag game ideal if you meet near a large snowy outdoor space.

1. You need to tramp down the paths for this game (a line of Girl Guides will tramp down the snow just fine!).
2. Make a large ring (about 12 inches in diameter) in the snow and trace 8 spokes to the centre.
3. The centre of the wheel is the “barn” or safe zone.
4. Choose one (or two) girls to be the foxes.
5. They chase the remaining girls “the geese” only using the paths (the ring and the eight spokes).
6. Only one goose can be in the “barn” at any one time.
7. As soon as a new goose arrives, the old one must leave.
8. Any goose caught by becomes a fox and the fox becomes a goose.
