- Go to the bottom of the screen where it says, "All Applications".
- Click the three dots at the top right of an application for more options including Download.

 - another person has knowledge about a specific part of the application
 - you want to share the work needed to an application
 - Someone has expressed interest in building this skill with support (a new Guider, older girls, unit assistants etc...)

How do I delete an application? I have started too many new applications by accident.

- Click “Safe Guide Submissions” at the top left.
- Go to the bottom of the screen where it reads “All Applications”.
- Click the three dots at the top right of an application for options including delete.
- To prevent you from starting a new application by accident, review the section “Open an existing application”

What happens after I click Submit?

- You will get an email confirming your application has been submitted. It will be sent to the address you provided in your Survey Monkey profile. Check your junk folders and spam filters if you do not receive this email.
- An Assessor will be assigned to your file and you will be contacted by her if she has any questions, needs additional information or is letting you know your next steps.
