### PC Message

Congratulations; we did it! This last year has been nothing short of exceptional. We have had to creatively pivot to new ways of delivering Guiding to girls, new ways of connecting with one another, and new ways of supporting our families and communities.

Each year, our Annual General Meeting (AGM) reflects on the amazing Provincial events, unit and district activities, and the wonderful things girls are capable of when we give them the tools and support to truly be *everything they want to be*. This AGM, though a little different, highlights the AMAZING things that you, as members, have proven possible despite the circumstances. This year we are celebrating you, your tireless efforts, commitment, and passion for the Guiding sisterhood.

Thank you for continuing to be the catalyst empowering girls and women to be everything they want to be, for uplifting and supporting one another and for sharing in the sisterhood of Guiding; together we are unstoppable!

# LEADING THE WAY FORWARD

## Message from a QC Representative on the National Youth Council

Being a member of the National Youth Council has been an incredible and unique opportunity. By far, the most amazing part has been getting to work with the same group of girls from across the country for the past two years. Every member has taught me something new through their different experiences and perspectives. Furthermore, it has been an exceptional opportunity to be able to work with other girls who are just as passionate about making a positive change in Girl Guides of Canada (GGC) as I am. Within the past two years, I have been able to participate in some amazing events. Just a couple of months ago, I, along with other members, got to organize an event with an MPP from Ontario, for eating disorder week. It was an eye-opening experience where I was able to learn about myths and misconceptions of eating disorders, amongst other things. The National Youth Council has also given me a safe space to share my opinions and perspectives. I have been able to provide insight on important issues in GGC. As well, through different opportunities, I have been able to use my creativity to promote, for example, the Badge-in-a-box activities. Finally, through writing a recommendation and presenting it to the National Board of Directors, I was able to talk about an issue I am very passionate about. Overall, the past two years have been an unbelievable experience to learn about Guiding in Canada and develop as a leader.

- Cassandra Gillen
