Subheading: Watershed Backpacks

There are four backpack themes available for units to borrow to help support outdoor adventures. When you book a backpack, you will get a workbook for each youth in your unit and supplies to complete hands-on activities. Once
you've completed your meeting, you can request the watershed wonders crest for your unit at no cost!

Note: Watershed Backpacks will be available for pick-up in Regina and Saskatoon starting in October 2025 and can be booked through the Property Booking forms
for Regina and Saskatoon. They will be available to be shipped throughout Saskatchewan (at no charge) in Spring 2026 (keep an eye on your Guidepost for booking details)

More details on each of the backpacks including contents, program connections, suggested branch levels, and activity summaries can be found here
