

## Song about Endangered Bears

Hi there- One of my Brownie Guiders wrote this song for the girls to sing about endangered bears, and she gave me permission to share it with everyone. Her name is Jennifer M of the 1st Drayton Valley Brownies.

The song is sung to the tune of the Bear Song- the one that goes, "The other day, I saw a bear, a great big bear, away up there, etc"

Thanks!

Here are the words:

The other day  
In China Town  
I met a bear  
And he wasn't brown!

He's black and white  
He eats bamboo  
Without his home  
What's a bear to do?

This panda needs  
His forest fair  
Please help us all  
Save the Panda Bear!

Across the coast  
On a island dream  
A spirit bear lives,  
A Vancouver queen!

She's rarely seen,  
She's almost alone  
There's not much left  
On her island home.

If we all keep our  
Water clean  
We can save  
the spirit queen.

Now in the land  
Down under there  
There's my friend Oz  
The Koala Bear.

He's sweet and gray,  
Endangered too,  
Down in the land  
Of the Kangaroo.

Lets show Australia  
That we care,  
Lets all save  
Their Koala Bear!

Ralph likes to swim,  
There in the ice.  
He likes the snow  
Says it's quite nice.

Now when he swims,  
This polar bear cries  
The ice is melting  
Right before his eyes!

That warming of  
Our Global home,  
Give Polar bears  
Less place to roam.

Lets save our earth  
And our bears too,  
Let care enough  
To make the world all new.

If we recycle,  
And do our share,  
We'll show the world  
We love our bears!
